
SpellPlus

Introduction

SpellPlus adds spell check and auto correct features to Adobe's InDesign & InCopy. It is a powerful yet easy-to-use plug-in for improving accuracy in text. **SpellPlus** exploits full functionality of InDesign & InCopy Spelling Service for delivering best in class spell checking for more than 110 Languages. **SpellPlus** enhances the potential of InDesign & InCopy by augmenting the language and spelling options available to the user.

Why You Should Opt SpellPlus

- ✓ Automatically correct misspelled words on the fly.
- ✓ Add Change words to AutoCorrect.
- ✓ Improve Accuracy of Text.
- ✓ Save on repetitive proofing cycles.
- ✓ Grammar Check.
- ✓ Large number of Languages supported and more can be added with the help of single mouse click.
- ✓ Supports Multiple User Dictionaries.
- ✓ Support for Hyphenation & Thesaurus.
- ✓ Integration with InDesign Preflight
- ✓ Apply special rules to ignore words.
- ✓ Full support available for customization and integration with existing workflow.
